

## COLONEL HERO IS MADE BRIGADIER GENERAL, HE HEARS

Official Notification Not Received But He Gets Cable of Congratulation From Mainland

### IS EXPECTED TO COMMAND HAWAIIAN DEPARTMENT

Promotion of Popular Officer Hailed With Joy By His Associates and By the Enlisted Men

Receiving a cablegram of congratulations over his appointment as brigadier general, Colonel Andrew Hero Jr., commander of Fort Ruger, received yesterday his first intimation that he was among the two hundred new brigadiers to be appointed, the announcement of whom is eagerly awaited by the local garrison.

The telegram was from Chicago, from a personal friend of Colonel Hero, and he believes that the announcement of his appointment was probably seen in the papers there. He has, however, received no official notification, nor has the announcement of any others of the new general officers reached here.

Colonel Hero's promotion at this time is especially important to the department as a whole, as he is in line for department commander upon General Treat leaving, should he get official confirmation of the appointment before the present commander departs. The command of the department would devolve upon him under these circumstances, provided that no other officer of the local garrison had been appointed brigadier preceding him on the list.

It is not known at department headquarters at closing time yesterday whether General Treat would leave on the Maunaloa today, as planned, or not. He has reservations, but for the past five days has been confined to Schofield Barracks by illness.

Colonel Hero's appointment, which seems assured, was heard of with great surprise and pleasure by the officers of the garrison yesterday, for he is extremely popular and has a splendid army record. He has been colonel for but a short time and is almost the junior colonel on the coast artillery list.

Colonel Hero was born in Louisiana on December 13, 1868, and appointed to the military academy from that state on June 16, 1887. On June 12, 1891, he was appointed second lieutenant and assigned to the Twelfth Infantry, with which regiment he served until November 14 of that year, when he was transferred to the Fourth Field Artillery. On September 10, 1895, he was appointed first lieutenant and assigned to the Fifth Field Artillery, with which regiment he served until May 8, 1901, when he was promoted to captain and assigned to the coast artillery corps. On December 27, 1906, he was promoted to major of coast artillery and on May 25, 1915, he was promoted to lieutenant colonel of coast artillery.

The colonel is a graduate of the coast artillery school, class of 1896, and this, coupled with his diversified experience in the various arms of the service leading up to his present grade make him a most efficient officer and one conversant with practically all arms of the service.

Colonel Hero came to Hawaii from Fort Terry, New York, and arrived in Honolulu on October 12, 1916. His first command in Hawaii was that of tactical commander and fire marshal at Fort Kamehameha, and on March 10, 1917, he was assigned as fort commander of Fort Ruger, which command he still holds.

The promotion of Colonel Hero to brigadier general will create a feeling of elation and pleasure in all those who know him. He is not only loved and respected by his fellow officers but is idolized by every enlisted man who has ever served under him.

One enlisted man last evening, when told of his possibility of becoming a brigadier, said: "I have had the pleasure and honor of serving under the colonel, and can truthfully say that I have never yet seen him when he was too preoccupied by business of the army or otherwise, not to have time to give the enlisted man a kindly smile and an encouraging word. It is a pleasure to serve under such a man and I hope he becomes a major general soon."

## BOOTLEGGERS INFEST SCHOFIELD BARRACKS

One Caught With Six Quarts of Gin

Despite the fact that there is a severe penalty awaiting anyone found with liquor in possession on a federal reservation, it is believed by the federal authorities that considerable bootlegging is going on at Schofield Barracks, and that civilian employees are furnishing intoxicants to the men of the post.

Francisco Paladio was arrested at Schofield Barracks yesterday morning by Deputy United States Marshal Silva with six quarts of gin in his possession. Defendant will be charged under the new army law prohibiting the sale of intoxicants to enlisted men, or even the possession of them.

Paladio was brought to town yesterday and held at \$1000, pending a preliminary hearing before United States Commissioner George S. Curry.

## MARSHALL DREADS THREAT OF RAZOR

Seeks Divorce, Charging Wife Said Would Cut His Throat With Tonsorial Implement

Daily pilgrimages to the divorce court by spouses who have found marriage a failure continue, and during this month have picked up at an alarming rate. For the half month, up to yesterday, twenty-six suits for divorce, including one for annulment of marriage, have been instituted in this city. Since the first of the year two hundred and thirty-six suits have been filed here.

Five divorce actions were filed yesterday, as follows: George A. Marshall against Mrs. Alice E. Marshall, on the grounds of desertion and extreme cruelty. The Marshalls were married in San Francisco on September 1, 1912, by Dean Gresham, and have no children. Marshall charges that on one occasion, while he was shaving, his wife grabbed the razor and tried to cut him. On another occasion, he asserts, Mrs. Marshall told him that some night, when he was sleeping, she would take that razor and cut his dirty throat from ear to ear. And there are sundry other charges, too.

The other suits filed were: Mrs. Wong Sun Lan against Say Hov Gee, suit to annul marriage; Kotaro Ebessu against Mrs. Tomoyo Ebessu, desertion; Tsurukichi Tomoka against Mrs. Toki Tomoka, desertion, and Kazuo Honda against Nobuhiko Honda, desertion.

The papers in the divorce suit of Manuel E. Costa against Mrs. Bessie Costa, filed here on July 23, were returned yesterday. Albert F. Ross, sheriff of Shasta County, California, reporting that he had been unable to locate Mrs. Costa in his jurisdiction, where she was supposed to be living. The Costas were married in Oakland in 1912 and have two children. Costa charges his wife with desertion.

At nine o'clock this morning Judge Heen will take up for hearing the motion to quash in the divorce case of Nakai vs. Evelyn Nakai.

Judge Heen yesterday sent Jean Rodriguez Ruiz, a Spaniard, to jail for a week because he refused to obey the orders of court. Mrs. Maria Rodriguez Ruiz some time ago secured a divorce from her husband and Judge Heen ordered the latter to pay her four dollars a week as permanent alimony. This he has refused to do, and Judge Heen yesterday brought Ruiz around with a sharp turn.

## BLIND PIGGER GETS VERY HEAVY FINE

Judge Irwin continues to deal out salutary sentences in connection with cases of blind-piggering brought into his court.

He fined William Puko, an old Hawaiian, \$250 and costs, yesterday morning, an appeal being noted and bond set at \$300.

Defendant was arrested at the notorious Vineyard Street camp No. 2, where he is said to have been doing a thriving business in illicit booze for some time past.

One of License Inspector Hutton's men purchased a bottle of doge red from Puko for the modest sum of fifteen cents, which act constituted the specific charge.

### HAWAII CANNERIES CO. FINISHES ITS SEASON

LITUE, August 14.—The Hawaiian Canneries Company are closing their canning season this week after a run of about thirty-seven days. Their output this year was about forty thousand cases of pines.

## HILO PREPARED TO BUILD SUGAR MILLS

Ten-Ton Roller Cast and It Is No Longer Necessary To Send To Honolulu For Work

HiLo is getting into shape to fully build and equip the sugar mills for the Big Island. The HiLo Iron Company has demonstrated that it can cast ten ton rollers by doing such a job easily and quickly. The following account of the work is from the HiLo Tribune.

In casting a ten ton sugar mill roller Thursday last, the HiLo Iron Works not only added further laurels to HiLo's already enviable record for progressiveness, but dispelled the long-standing question as to whether heavy rollers could be cast locally.

Having received an order for a large roller for a sugar mill, the HiLo Iron Works set to work on the proposition early last week. Moulds and cores were made, and after being thoroughly dried in a large oven, the several parts were assembled Thursday morning and everything put in readiness to receive the molten metal.

At 11 o'clock a fire was started in the huge cupola, which has a melting capacity of seventeen tons per hour, and twenty minutes after 12 the metal was flowing into a specially prepared ladle.

Picking up the ladle, the electric-driven traveling crane placed the 15,600 pounds of molten metal into the mould, the whole process occupying the short space of eight minutes.

A striking feature in the performance of this job was the apparent ease with which the work was handled. There was no commotion of any nature, and the other work of the foundry was carried on as if nothing untoward was taking place.

Foreman Charles Green conducted the casting and was assisted by M. J. Wilson. There were present to witness the performance J. Foss, Jr., A. C. Wheeler and other local engineering experts.

Previously the largest casting made in HiLo was about four tons, the heavier work being sent to Honolulu.

## SERAPIS WILL TAKE SUGAR OUT

Will Be Chartered If Shipment On Next Four Vessels Leaves Cargo For Her

It was announced yesterday that in the event of sugar shipments requiring extra cargo space above that available in the next four carriers out that the ex-German steamer Serapis will be chartered for a voyage to the Coast.

The Serapis is now on her way down here from British Columbia with seven thousand tons of coal for the Inter-Island Steam Navigation Co., one of the largest cargoes which this company has received from the northwest ports since coal began to arrive from that district.

The sugar company is now prepared to charter the vessel providing that, at the time she is ready to sail, the seven thousand tons of sugar which would make it worth while to secure her are ready for shipment. This will depend on the sugar taken on the next four vessels from Honolulu and the amount then left for shipment. The fourth boat of the Matson service out under the normal schedule would be the Mauna, which leaves tomorrow for San Francisco. This vessel, however, will then be on her way to Manila on a new schedule, this fact evidently influencing the factors in getting a line on the Serapis.

## WOMEN OF SHAFTER DOING EXCELLENT WORK FOR RED CROSS

Unit Confines Its Efforts To Making of Surgical Dressing, At Which Members Are Expert

### MAKE FIRST GAUZE BANDAGES IN ISLANDS

Organization At the Beginning Was Greatly Aided By Col. J. Irons, Then in Command

The only Red Cross unit for surgical work in the islands, that of the ladies of Fort Shafter, was visited yesterday by Mrs. Henry F. Damon, the acting executive head of the Hawaiian Allied War Relief. Mrs. Damon is making tour of all the units now formed to review the work being carried forward by each group.

The Shafter unit confines its efforts to the making of surgical dressings quite appropriately for a group of women in a post containing one of the largest military hospitals in the army. The organization was first formed last spring as a class in first aid under Red Cross direction. When the first aid course was finished the members under the leadership of Mrs. James Irons turned to the making of surgical dressings as a means of war work.

Since Mrs. Irons' departure in July, the unit has been under the direction of Mrs. Guy C. Palmer, but another change will have to be made in the near future, as Mrs. Palmer will leave soon for the mainland. The greatest obstacle to the work of the Shafter unit is the fact that its membership is constantly changing, owing to removals caused by army orders. The women who have been faithful in continuing the work deserve much credit for the training of new workers every few weeks is no light task, and those who persevere with continuing zeal an enthusiasm show a splendid spirit.

To the members of the unit as soon to be lost in Mrs. C. R. Danielson and Mrs. S. J. Heider, who are to remove to another post, according to word received yesterday.

The different dressings made at Fort Shafter include envelopes, gauze sponges, accordion bandages, muslin gauze bandages. Eighteen sets of pajamas have been made by Mrs. W. E. Hunt and Mrs. S. J. Heider in addition to their work with the unit. During the month from July 15 to August 15, under Mrs. Palmer's leadership, the unit made 527 envelopes, 768 gauze sponges, 292 accordions, 112 muslin bandages, and 149 gauze bandages, a total of 1848 surgical dressings for the month.

The gauze bandages were made as an experiment by the Shafter unit, as it had been stated that those particular dressings could be made more quickly and cheaply by machine. The result has indicated that the foregoing statement is correct. They are troublesome to make, as they must be measured wet thoroughly, torn and rolled while wet, and then dried in the sun. The trying takes from four to five days and is a tedious process. It has been decided as a result of the experiment that it is more efficient and satisfactory to make the gauze bandages by machine than by volunteer hand labor.

First Gauze Bandages Those made by the Shafter ladies were the first gauze bandages made in the islands. The group which took over this work included Mrs. Irons, Mrs. A. R. Rockwood, Mrs. H. C. Muhlenberg, and Mrs. Heider.

At the start of the organization in May Colonel James Irons, then in command at Shafter, assigned quarters No. 5 C in the cantonment to the ladies at their meeting place. The post quarter master donated chairs, tables, and trunk lockers for their use, and detailed a man to clean and dust the room. The quartermaster department at the post takes the materials out to Fort Shafter and delivers the finished work to the Red Cross headquarters in Honolulu.

Meetings are held five mornings a week, and a bus is provided to bring the members and take them home at the conclusion of the working period. The average attendance has been ten members a day.

Some of the workers have become very expert in the making of the dressings, which require deft and steady fingers, in addition to great accuracy. One member has a record of three and one-half dozen bandages made in two and one-half hours.

A garrison donation is made up each month among the ladies and forwarded for the work of the Red Cross in addition to the faithful work performed at the unit meetings.

The present members of the Fort Shafter unit include: Mrs. Guy C. Palmer, the directress of the unit; Mrs. W. C. Cochran, Mrs. T. H. Baldwin, Mrs. Frank C. Bolles, Mrs. C. L. McKain, Mrs. W. E. Hunt, Mrs. E. P. Hartshorn, Mrs. R. H. Peck, Mrs. John Randolph, Mrs. K. B. Bennett, Mrs. R. M. Lyon, Mrs. E. F. McCallan, Mrs. T. S. Crystal, Mrs. C. H. Lewis, Mrs. J. S. Sullivan, Mrs. H. C. Muhlenberg, Mrs. A. H. Hobley, Mrs. E. F. Wittell, Mrs. R. C. Holliday, Mrs. A. F. Lohman, Mrs. H. C. MacAdam, Mrs. A. L. Rockwood, Mrs. S. J. Heider, Mrs. D. H. Gieny, Mrs. C. R. Danielson.

Some of the older children of the post have been helping in as far as they were able in the work of the Shafter unit. They are Alice Palmer, Louise Cochran, Betty Baldwin and John Randolph.

## SPORTS

### PRINCETON, YALE AND HARVARD NOT TO ENTER TEAMS

But Other Big Universities Except Virginia Will Play Football This Year

Additional details of the decision of the National Collegiate Athletic Association to continue athletics, which had been reported briefly by radio, are contained in the following:

WASHINGTON, August 2.—Retention of college athletics during the war was decided on by the National Collegiate Athletic Association at a conference here today after Secretary Baker had declared in an address to the delegates that competitive sports should "be continued to equip young men for the reception of military training."

Nearly all of the Eastern colleges and many from the Middle West and the Coast were represented, and it was said afterward the decision meant that, with the exception of Yale, Harvard, Princeton and possibly Virginia, all the larger institutions will play intercollegiate football this fall. Abandonment of the sport by the institutions named was ascribed to lack of material, most members of last year's squads now being in some branch of the military service.

The conference adopted the following resolutions: "Whereas, college athletics, as stated by Secretary Baker in his address to the conference, are of great use in developing the qualities of a good soldier, and

No Interference With Military "Resolved, That we recommend to the colleges that the program of athletic sports for the coming year be continued with increases in the efforts to develop athletics for all students rather than for a chosen few, and that the schedule of inter-collegiate sports be carried out as far as local conditions allow, care being taken not to interfere with the military training of the students or to conflict with the military interests of the nation."

Freshmen To Play. CAMBRIDGE, July 30.—Although there is practically no chance of Harvard varsity football being played this fall unless the war is over by September 1, Harvard is not to be without its football competition, as the Harvard freshman team will be organized as usual and play its regular schedule of games. Owing to the fact that the majority of colleges and preparatory school teams that the Harvard freshman men line up against yearly are to play the game despite the war, it will be an easy matter for them to arrange their schedule.

For the third time in his baseball career Johnny Evers has shifted his club uniform and his efforts with the Philadelphia Nationals will be followed with interest by fans throughout the country. The present season is the fifteenth that Evers has served in the big league. During this lengthy period, viewed from the standpoint of the baseball player, Evers has had a remarkable and spectacular record up to the diamond. Noted for both his quick thinking and fiery temperament, he has figured in some of the most sensational of the national game episodes.

Evers made his baseball debut with the Troy Club of the New York State League in 1902, playing shortstop. The following year found him at second base for the Chicago Nationals and he held down the keystone sack for the Cubs until 1914 when he joined the Boston Braves. Now he has moved on to the Phillies, where it is expected that he will strengthen second base. Some idea of Evers' ability can be gained from the fact that up to the close of the 1916 season he had played in 1,753 games with a resultant grand batting average of .238 and a fielding percentage of .813.

## EVERS MAKES THIRD JUMP OF HIS CAREER

Each Team Has Won One and Lost One — Angels Lose Ground

### COAST LEAGUE

San Francisco 70 58 267  
Los Angeles 66 63 267  
Oakland 61 64 248  
Portland 48 48 480  
Vernon 58 74 485

Los Angeles has dropped away from Salt Lake in the Coast League standings. The Angels lost to Vernon yesterday, while Salt Lake was defeating San Francisco and, instead of being one point behind, are eight points behind. The Angels and Tigers, Seal and Bees and Portland and Oakland have split even at one game each, for the Beavers lost yesterday to the Oaks, 0 to 5.

Yesterday's Results At Vernon—Vernon 2, Los Angeles 1. At San Francisco—Salt Lake 5, San Francisco 1. At Portland—Oakland 5, Portland 0.

## MARY BROWNE BEATS MALLA BJURSTEDT IN SEABRIGHT TOURNEY

SEABRIGHT, New Jersey, August 4.—F. C. Inman and L. L. Mahan won the Round Robin Doubles Tournament on the turf courts of the Seabright Lawn Tennis and Cricket Club here today. They came through the series undefeated.

In the other important match, Karl H. Behr and N. W. Niles, defeated T. E. Fall and B. S. Prentice. Miss Mary Browne won the women's singles. In the final match she defeated her rival, Miss Molla Bjurstedt, national champion, 1-6, 6-4, 7-5. Miss Browne's dashing drives and her crossing shots overcame a long lead in the last set.

## INTER-ISLAND COMPANY COMPROMISES CLAIMS

Through a compromise effected between the Inter-Island Steam Navigation Company and the minor children of the late John J. Devereux, Judge Ashford yesterday granted the petition whereby the company will pay to Willie Elsworth Devereux and Roy Elwyn Devereux \$3500 each. The father of the boys, who was an engineer of the company, was fatally injured while at work on March 5, last, through an explosion, and died on March 11.

## NEW YORK AGAIN SPLITS TWIN BILL WITH CHAMPIONS

Reds Lose To Pirates But Take Second—Red and White Sox Win

### NATIONAL LEAGUE

New York 68 76 254  
Pittsburgh 62 47 225  
Chicago 57 53 218  
St. Louis 57 52 214  
Brooklyn 52 53 205  
Boston 45 57 241  
Philadelphia 45 72 257

AMERICAN LEAGUE  
Chicago 70 42 258  
Boston 65 41 215  
Cleveland 59 53 251  
Detroit 57 55 218  
New York 52 54 201  
Washington 51 58 406  
Philadelphia 46 65 289  
St. Louis 42 71 273

For the third time in three days, the New York Giants, coming champions of the National League, and the Brooklyn Superbas, present champions, split a double-header yesterday. New York has been dropping by reason of the splits, but Brooklyn has remained frozen at 495, one-half game short of 500. Boston won from the Phillies, 3 to 0, taking the odd game of the series, three games to two. The Phillies lost ground to the Giants. Cincinnati lost to Pittsburgh in a fill-in game en route east, but by a contrariety of the percentage table Cincinnati, which was one point behind the Phillies, takes second place by one point. It is a question of decimals beyond three places.

Play in East Today The Western teams of the National will open their last series in the East today. After three games the Eastern teams will go west for the last time, and then the season will close with each section playing at home.

In the American League both leaders won, the White Sox from Cleveland at Cleveland, 5 to 4, and Boston from Philadelphia at Philadelphia, 4 to 2. Both the Sox teams won two of three games.

No American Games No games are scheduled for today. The Eastern teams will open in the West tomorrow. These series will be the last inter-sectional series. The Western teams will go East for one more swing. Turkey and pumpkin-pie time is approaching when the majors get down to the bag end of the season.

## SERIES ARE EVEN IN COAST LEAGUE

Each Team Has Won One and Lost One — Angels Lose Ground

### COAST LEAGUE

San Francisco 70 58 267  
Los Angeles 66 63 267  
Oakland 61 64 248  
Portland 48 48 480  
Vernon 58 74 485

Los Angeles has dropped away from Salt Lake in the Coast League standings. The Angels lost to Vernon yesterday, while Salt Lake was defeating San Francisco and, instead of being one point behind, are eight points behind. The Angels and Tigers, Seal and Bees and Portland and Oakland have split even at one game each, for the Beavers lost yesterday to the Oaks, 0 to 5.

Yesterday's Results At Vernon—Vernon 2, Los Angeles 1. At San Francisco—Salt Lake 5, San Francisco 1. At Portland—Oakland 5, Portland 0.

## STOWAWAY MAY BE CALIFORNIA STOWAWAY

Whether or not Fred Hollerson, a youth who stowed away aboard the steamer on her present trip from San Francisco, is wanted as a slacker in California, is what the federal authorities here are anxious to know and what they have set themselves to find out.

Hollerson, who was born in Honolulu of a German father and a Portuguese mother, has been in California for some time. His father still resides on this island.

The stowaway was found concealed among some sacks of potatoes on the first night out of San Francisco, and was permitted to work his way here. After discovery, Hollerson was accused of being a slacker. He then produced a registration card which showed that he had registered in Solano County, California. He was unable, however, to give any reason for wanting to return to Hawaii in such a hurry.

It is possible that he may have left California on account of his number having been in the draft.

## MARKET QUIET FOR LISTED SECURITIES

Little Demand Evidenced For Higher Priced Stocks

Trading in the sugars and higher priced securities continues light and yesterday amounted to only 200 shares. Of these 150 were furnished by Selma Dingling Pfd. rubber stock. Sugar stocks were unchanged in prices. On lower quotations from the Mainland Honolulu Oil sold yesterday for \$4.55, a decline of fifteen cents. As yet no advice has been received to account for the recent advance nor did any come yesterday to explain the subsequent reaction.

Mineral Products led in volume of transactions and sold down to eight cents. At forty-nine and fifty cents there were sales of 2200 Montana-Bingham and Madara fluctuated from forty-three to forty-five cents on sales of 2250 shares. Engels copper was well taken care of, 1000 shares selling at \$5.75.

Mid-month dividends were paid by Hawaii Sugar, Oahu, Pacific Mill, Pepeekeo, San Carlos, Waiaina and Ohu Railway. All of these were the regular monthly disbursements and they total \$217,000.

## Save Eggs by Using Royal Baking Powder

In recipes for cakes, muffins and other baked flour foods calling for the use of eggs, fewer eggs may be used with excellent results and often left out altogether by using a small additional quantity of Royal Baking Powder, about a teaspoon, in place of each egg omitted.

You must use Royal Baking Powder to obtain the best results.

New book of recipes which economize in eggs and other expensive ingredients mailed free. Address Royal Baking Powder Co., 135 William St., New York, U. S. A.

## Royal Baking Powder

Made from Cream of Tartar, derived from Grapes, adds none but healthful qualities to the food.

No Alum No Phosphate

The following tested recipe is a practical example:

### RICE MUFFINS

1/2 cups flour  
4 teaspoons Royal Baking Powder  
1 tablespoon sugar  
1/2 teaspoon salt  
1 cup boiling rice  
1 tablespoon shortening  
1/4 cups milk

DIRECTIONS—Mix and sift dry ingredients. Add boiling rice and milk; mix well. Add melted shortening and bake in greased muffin tin in moderate oven 25 to 30 minutes.
